

Main lobby

A screenshot of a web browser window titled "Amazon Story Suite | Lobby". The URL is <https://inside.amazon.com/en/Pages/default.aspx>. The page displays a list of projects:

- Untitled project (4/1/2015)
- Star Wars: The Hutt Gambit (Han Solo Trilogy) (3/1/2015)
- Logans Run (2/1/2015)
- Indiana Jones and the Temple of Doom (1/1/2015)

A red arrow points downwards from the top of the page towards the bottom of the browser window, indicating a transition or continuation.

A screenshot of a web browser window titled "Amazon Story Suite | Lobby". The URL is <https://inside.amazon.com/en/Pages/default.aspx>. The page shows the "Untitled project" has been selected, indicated by a blue border around its title bar. The navigation bar at the bottom includes "Outline", "Script", "Visualization", and "Upload a script".

Needs marketing language

Lobby: project page

The screenshot shows the 'Amazon Story Suite | Lobby' interface. At the top, there's a navigation bar with links like 'Media Central', 'US/CA Image Glo...', 'Film Solutions - P...', 'Amazon Studios ...', 'Website Style Gui...', 'Crayon | Imagine ...', 'PP3.pdf – PP3.pdf', 'The Rise of the P...', and 'Designer's guide ...'. A user 'Jessica' is logged in.

The main area is titled 'Untitled project' and contains three sections:

- Blade Runner Trailer:** Modified on 1/1/2015. It has a video rendering in progress at 72%. Below it is a storyboard created on 1/7/2015.
- Blade Runner:** Modified on 3/1/2015. It includes a Second Draft (created 2/24/2015) and a First Draft (created 1/12/2015).
- Untitled Outline:** Modified on 7/16/2013.

Each item has standard file operations icons (refresh, download, etc.) and a more options menu.

Minimized state

This is a minimized view of the 'Blade Runner Trailer' section. It shows the title, last modified date, and a 'Show more (2)' link. The 'Expand by default if there is an error' message is also visible.

Error messaging

A red vertical line points from the 'Error rendering video' message in the minimized state to this detailed error dialog. The dialog has a dark background and displays:

- ⚠️ Unable to render this [asset type]**
- Sorry this failed, to render please give us specific information on what you were trying to do.
- Details**: A large empty text area.
- Send** button.

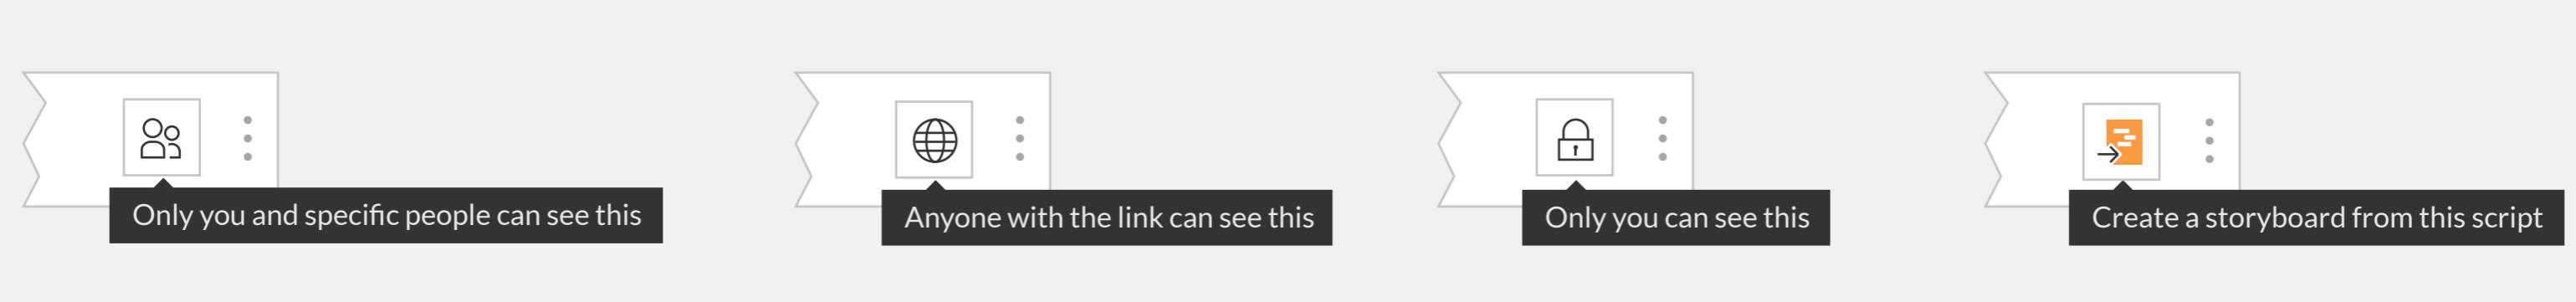

A note at the bottom says: "Activate after form contains text".

Lobby: Hover states

This screenshot shows various UI elements with hover states:

- A button labeled 'Show more scripts (1 error)' with a red arrow pointing to its 'hover state'.
- A row of icons with a red border and color transition, labeled 'Icons get border, and transition in color'.
- A tooltip for 'Share this [asset type]' with a red arrow pointing to it.
- A tooltip for 'Submit to Amazon Studios' with a red arrow pointing to it.
- A tooltip for 'Create a screenplay from this outline' with a red arrow pointing to it.

Lobby: tool tips

Lobby:Asset menu

The image displays a sequence of UI screens from a software application, likely a scriptwriting tool, showing the 'Asset menu' for a script named 'Blade Runner'. The menu is triggered by clicking the three-dot icon in the top right corner of the script card.

Top Level Menu:

- Blade Runner** (script icon)
- Modified on: 3/1/2015
- More options icon (three dots)

A red arrow points from the 'More options' icon to the open menu.

Sub-Menus and Options:

- Export/Download this script**:
 - PDF
 - FDX
 - Fountain
 - RTF

Download (button) **Cancel** (button)
Activates after a selection is made
- Placeholder** (text)
- Resume** (checkbox)
- Rename** (checkbox)
- Move to project...** (checkbox)
 - Star Wars: The Hutt Gambit (Han Solo Trilogy)
 - Blade Runner
 - Indiana Jones and the Temple of Doom
 - + Add a new project

Move (button) **Cancel** (button)
- Save a copy** (checkbox)
 - This will add a copy of your editable script to the lobby.

Script title
Untitled Project

Save (button) **Cancel** (button)
- Delete** (checkbox)
 - Are you sure you want to delete this editable script and all its child assets? Once they're gone, they're gone forever.

No (button) **Yes, delete this script and all child assets** (button)

Lobby & in-app: editable script

The screenshot shows the lobby and in-app interface for an editable script. The lobby header shows "Blade Runner" and "modified on 3/1/2015". The in-app modal for "Share this script" includes fields for "Script title" (Blade Runner created on 1/12/2015), "Make public" (button), and "Cancel". The in-app modal for "Submit this script to Amazon Studios" includes fields for "Script title" (Blade Runner created on 1/12/2015), "Submit to Amazon Studios" (button), and "Cancel". The in-app modal for "Create a storyboard with this script" includes fields for "Storyboard title" (Blade Runner created on 1/12/2015), "Visualize" (button), and "Cancel". The in-app modal for "Save a snapshot" includes fields for "Snapshot title" (Blade Runner created on 1/12/2015), "Visualize" (button), and "Cancel". Red arrows point from the top right of each in-app modal to the top right of the lobby header.

Lobby & preview page: script snapshot

The screenshot shows the lobby and preview page for a script snapshot. The lobby header shows "Second Draft" and "created on 2/24/2015". The in-app modal for "Manage visibility" includes fields for "Share" (button) and "Cancel". The in-app modal for "Submit this script to Amazon Studios" includes fields for "Submit to Amazon Studios" (button) and "Cancel". The in-app modal for "Create a storyboard with this script" includes fields for "Storyboard title" (Blade Runner created on 1/12/2015), "Visualize" (button), and "Cancel". Red arrows point from the top right of each in-app modal to the top right of the lobby header.

Lobby: editable rough cut

The screenshot shows the lobby and in-app interface for an editable rough cut. The lobby header shows "Blade Runner Trailer" and "modified on 3/1/2015". The in-app modal for "Share this storyboard" includes fields for "Make a video" (radio button), "Make a storyboard" (radio button selected), "Storyboard title" (Blade runner storyboard created on 1/12/2015), "Make public" (button), and "Cancel" (disabled). The in-app modal for "Submit this storyboard to Amazon Studios" includes fields for "Storyboard title" (Blade runner created on 1/12/2015), "Submit to Amazon Studios" (button), and "Cancel". Red arrows point from the top right of each in-app modal to the top right of the lobby header.

In-app: editable rough cut

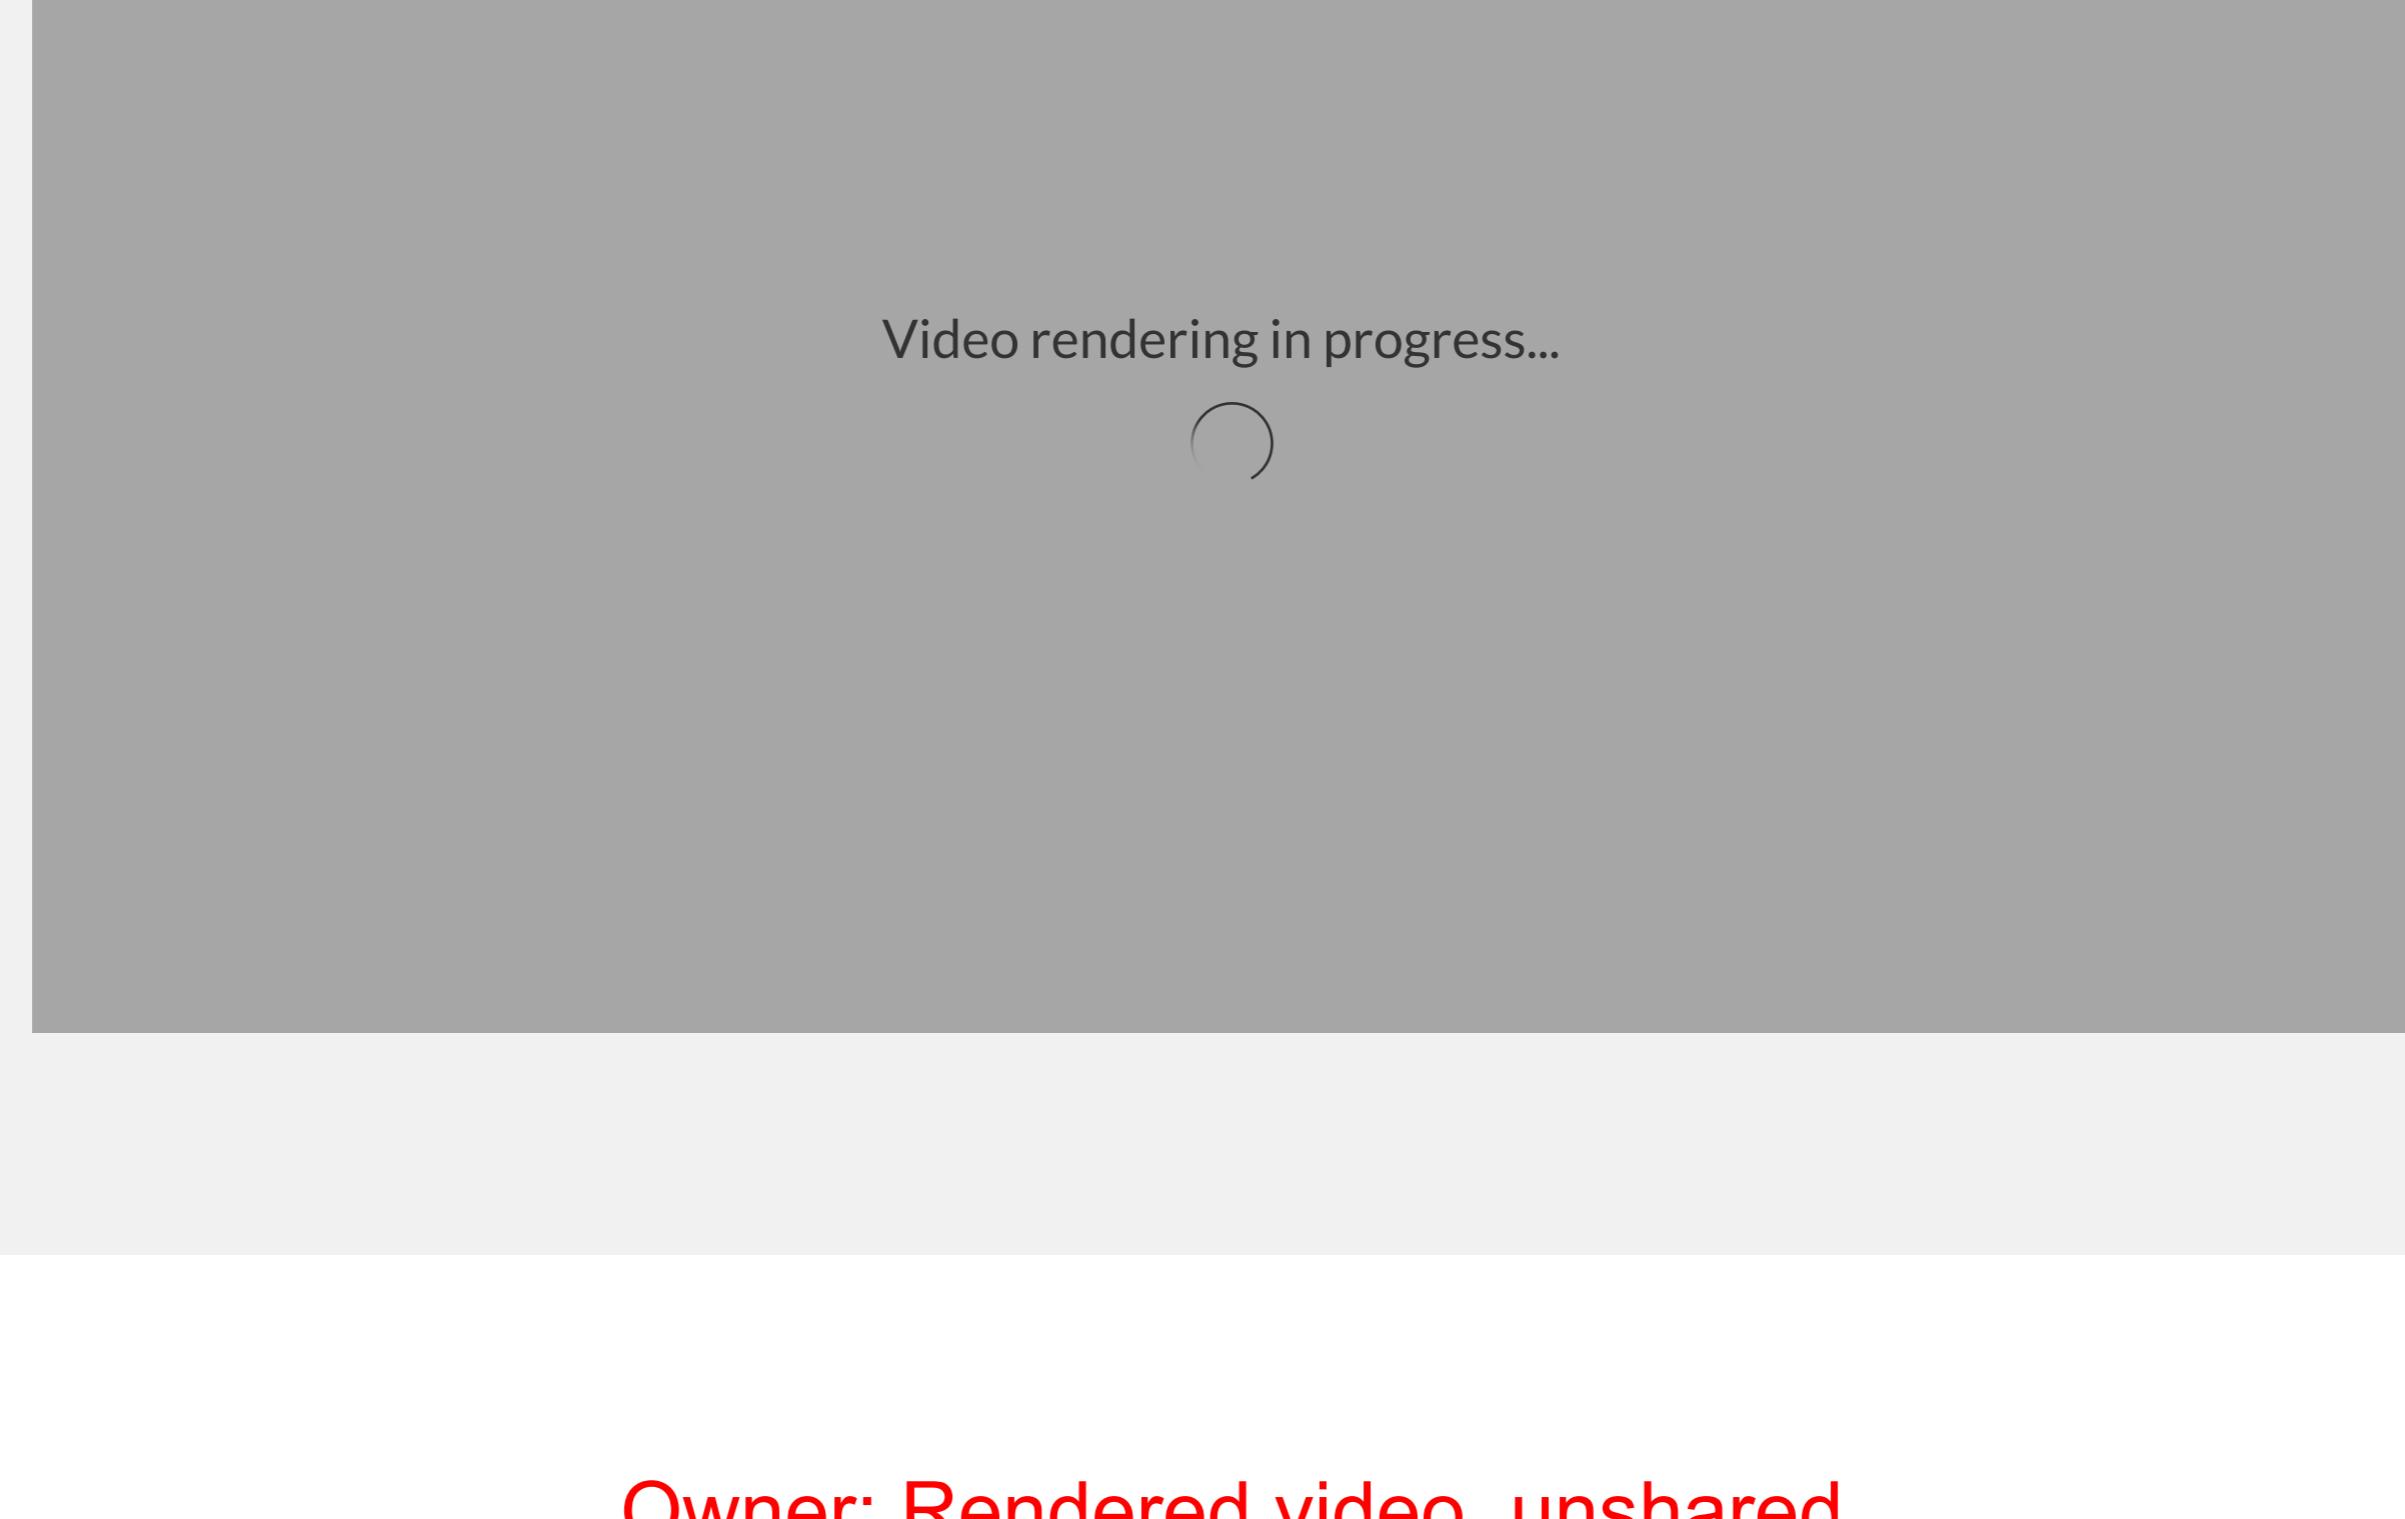

The screenshot shows the in-app interface for an editable rough cut. A context menu is open over a storyboard thumbnail, showing options: "Edit title", "Save a copy", "Save as a video to the lobby", "Save as a storyboard to the lobby", "Share this rough cut", and "Submit to Amazon Studios". Below the menu are two modals: "Save as a storyboard" (describing rendering as a storyboard) and "Save as a video" (describing rendering as a video). To the right are two more modals: "Share this storyboard" (describing rendering as a storyboard or video) and "Submit this storyboard to Amazon Studios" (describing rendering as a storyboard or video for submission). Red arrows point from the top right of each in-app modal to the top right of the lobby header.

Lobby and preview page: Video snapshot

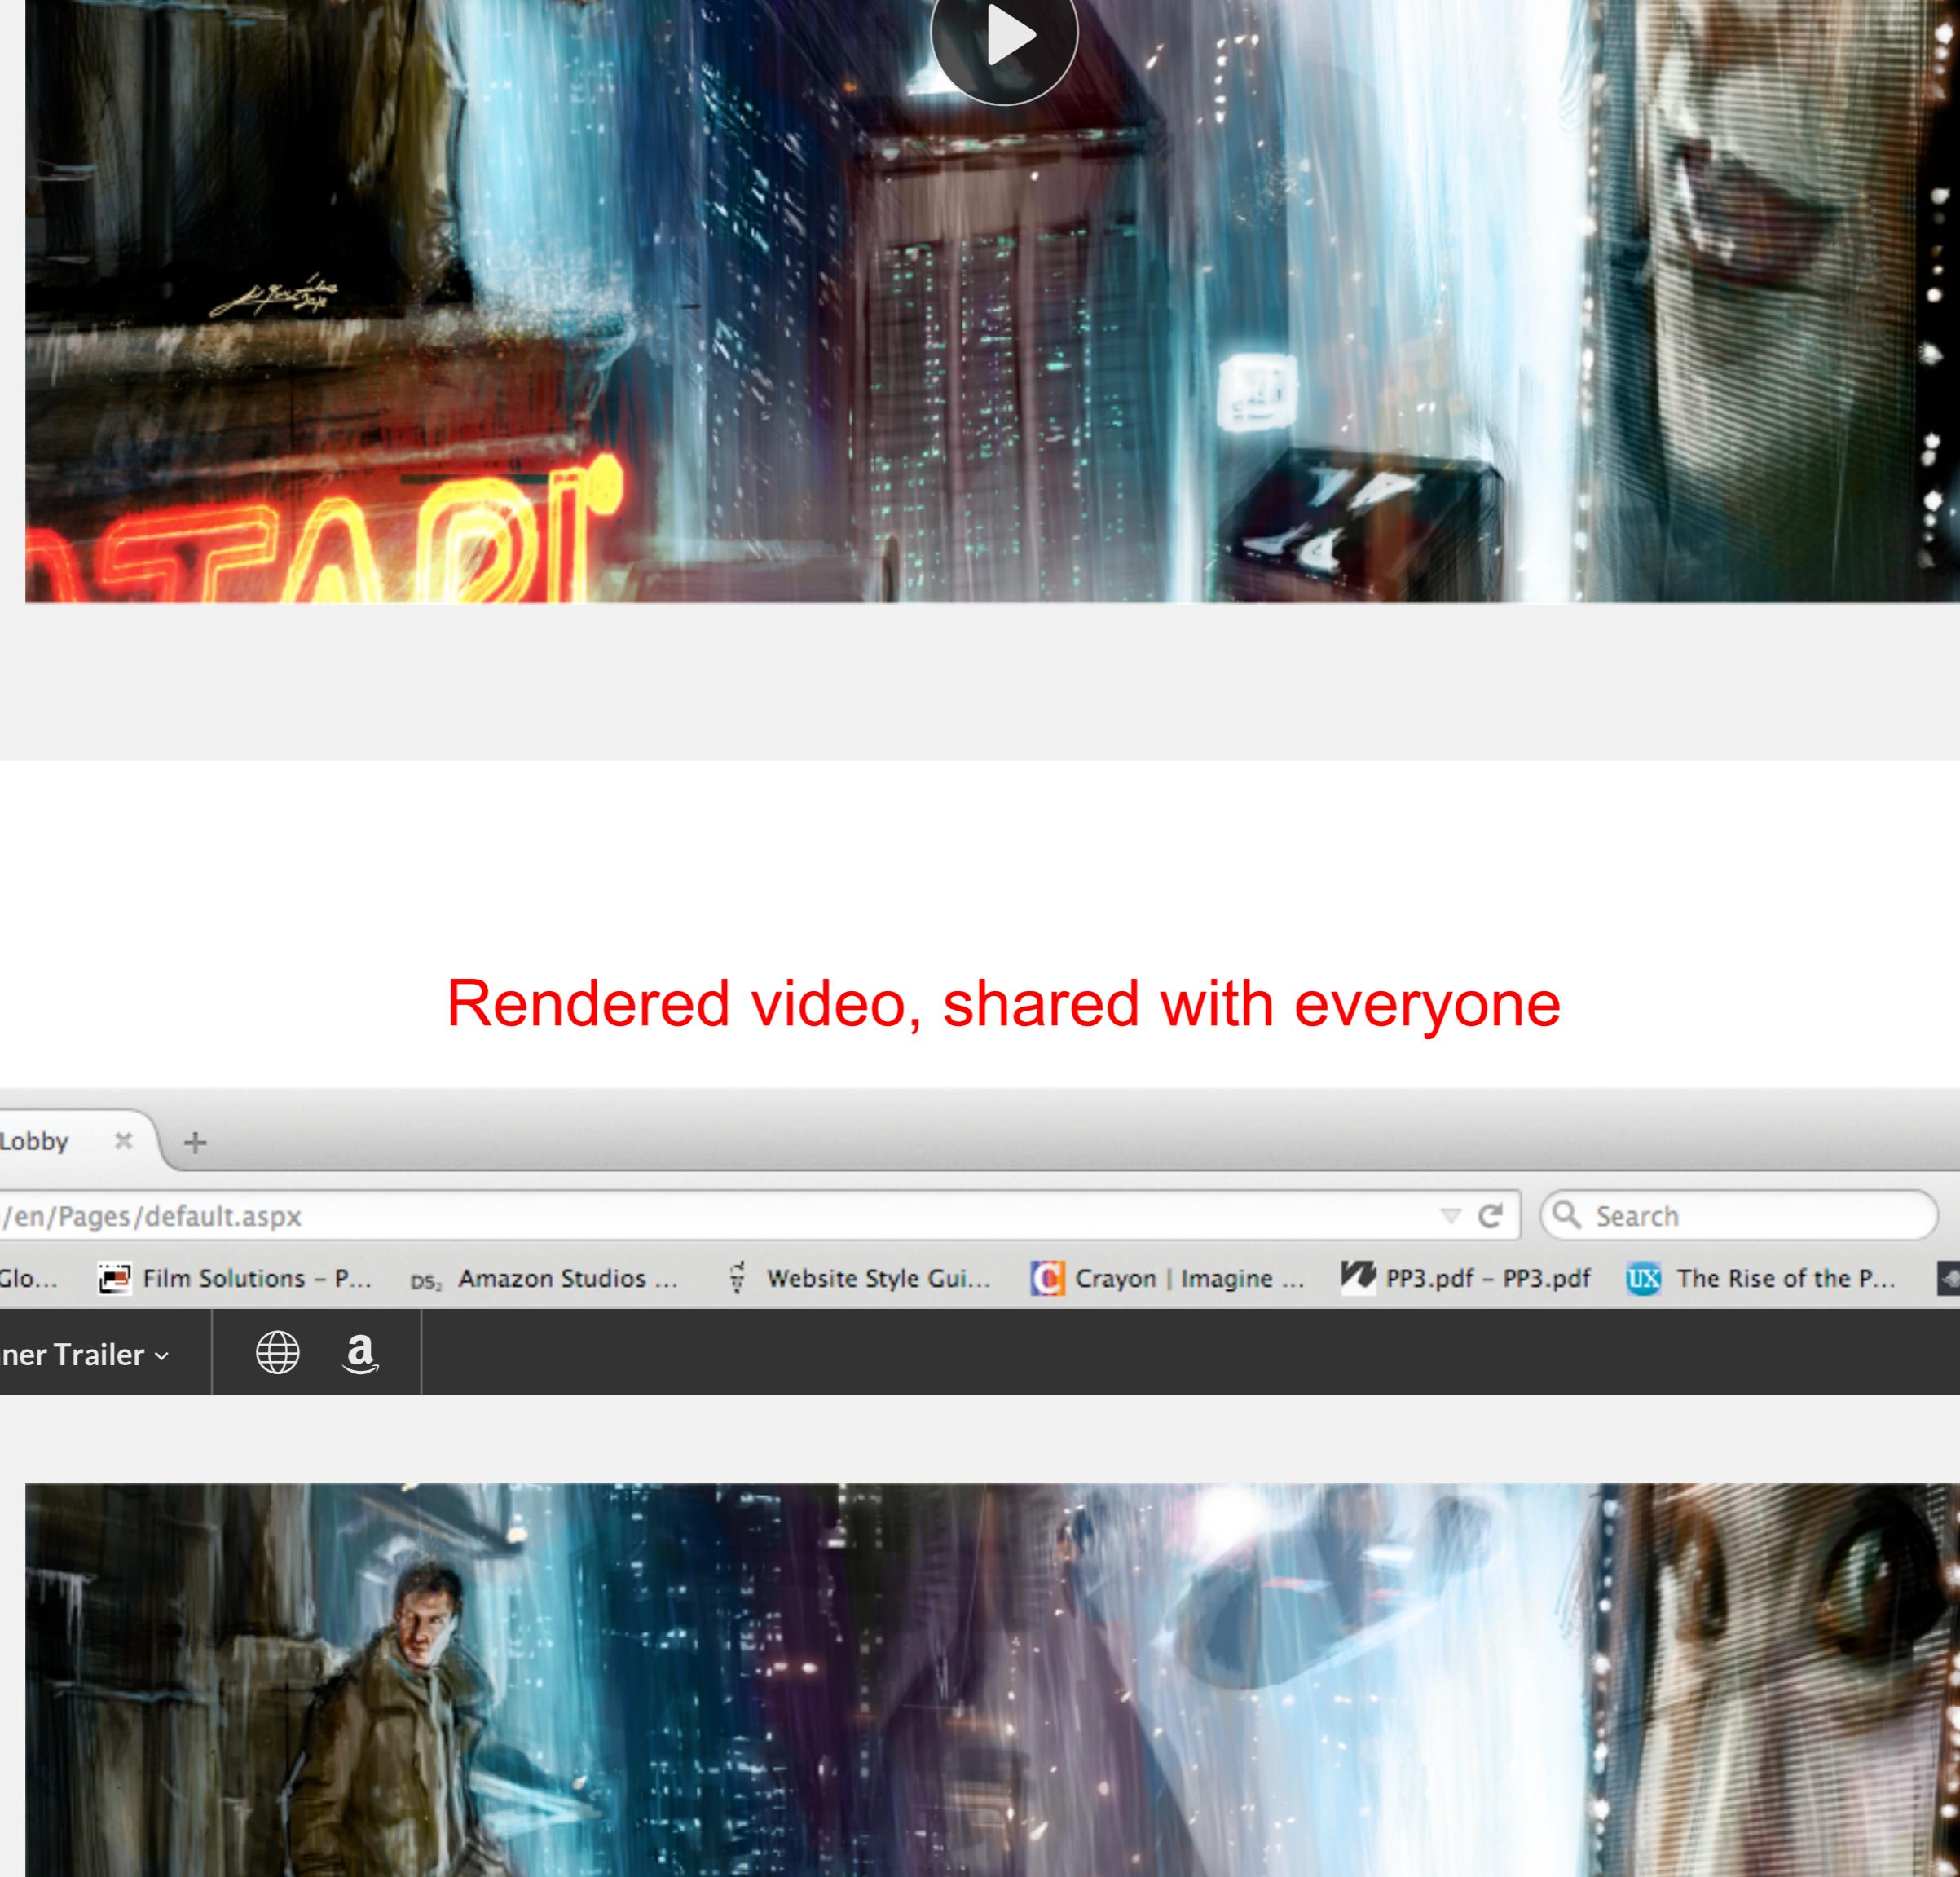

The screenshot shows the lobby and preview page for a video snapshot. The lobby header shows "Blade Runner Trailer" and "created on 01/31/2015". The in-app modal for "Manage visibility" includes fields for "Share" (button) and "Cancel". The in-app modal for "Submit this video to Amazon Studios" includes fields for "Submit to Amazon Studios" (button) and "Cancel". Red arrows point from the top right of each in-app modal to the top right of the lobby header.
