Call Flow Dashboard

Create Holiday Hours

Holiday Hour profiles are dates you specify in your call flow to override Hours of Operation. You need to set at least one of these to complete a call flow.

MANAGE

Create Hours of Operation

Hours of Operation (HOOP) are weekly blocks of time you designate as open or closed. You need to set at least one of these to complete a call flow.

MANAGE

Add Audio Files

Audio files are used across your call flow to provide audio to customers. These are used for options like menu's, hold music and announcements. You need to create one of these to complete a call flow.

GET STARTED

Manage Call Flows

This is where you create, manage and link the call flows you design. All call flow assets need to be created before you can create a call flow.
